Coltishall Lock, Norfolk Broads. Coltishall is a pretty village containing some old houses with rounded gables, and a fine church. The malting trade flourishes here, the maltsters of the winter turning boat-builders in the summer. The first lock on this river is just above the village, and the fishing hereabouts is abundant and good, especially for jack.

How are you these  
days? Have you much  
snow in your neighbourhood?  
The ice is breaking up  
& coming down the river & I  
have been going down to see it. To-  
day & yesterday such warm lovely  
days, bright sunshine.
